(I) OBJECTIVE OF E.O.F.C. :

The National Education Policy (NEP) 2020 emphasizes equal opportunity for education for all irrespective of caste, gender and abilities including Person with Disabilities (PWDs). The introduction of NEP 2020 has accelerated the need for creation of an "inclusive education" system that caters to students with both visible & invisible disabilities.

As a step towards inclusive & equitable quality education, the NEP-2020 presents a reasoning case for provisions and implementation of students with any type of disabilities into the Indian education system.
